

B-bar Menu

Because “B” is inspired by our famous Slovenian honeybee, we decided to honor the golden sweetness with a unique cocktail concept in which the main theme is honey represented in one of the cocktail’s components. And for the sake of understanding honey and our drink creations around it we should consider that it is a delicate flower, much dependent on the season, droughts, frosts, and health of the bees. Slight variations of the flavor can occur in our drinks through time, depending of the honey source we are using.
